NEW!

Trecepta®RIB Complete®

A 103-day grain hybrid built to win—this new release led the 2025 research trials, delivering top-end yield potential you can count on. Backed by a strong disease package with protection against Gray Leaf Spot, Northern Leaf Blight, and Anthracnose Stalk Rot, it helps protect your investment all season long. With excellent performance across diverse environments and fast, consistent drydown, it fits well into tight harvest windows while reducing field and drying risks. Add in its suitability for food-grade markets, and you've got a hybrid that delivers yield, reliability, and premium value where it counts.
