NEW!

PowerCore® Enlist® Refuge Advanced®

Meet our new Southern Belle—a hybrid built to thrive in the heat, delivering top-tier grain yields from deep kernels along with exceptional test weight. Whether you're targeting grain or silage, this hybrid is equally at home, producing premium-quality feed that supports strong dairy performance. It features an unmatched disease package, with strong tolerance to Gray Leaf Spot, Anthracnose Stalk Rot, and Southern Rust, helping protect yield potential all season long. Excellent husk coverage further safeguards the ear, preserving quality through harvest. Best suited for medium- to high-yielding acres and environments where Corn Rootworm pressure is low, this hybrid brings reliable performance and versatility you can count on.
